

Dr. Lisa Feldman Barrett on The Functions of the Brain

Post by “Don” of December 16, 2020 at 8:14 PM

1:31:00 ~ 1:34:00ish in that episode sounds to me even more like the creation of prolepses in infants and small children! Dr Barrett even talks both about abstract concepts like emotions and concrete concepts. I'd say like justice and Socrates to use Epicurean examples. 😊
