

Prolepses in Animals

Post by “Don” of January 6, 2021 at 7:40 AM

Here's another TED Talk about the capuchin monkey experiment with grapes and cucumbers:

<https://youtu.be/dKob6b8QzkU>

I'd suggest when viewing, substitute "just" for "fair" and "justice" for "fairness." That certainly looks like some basic innate characteristics to me from way back in our evolutionary inheritance.
