

PD10 - Interpretations of PD 10 Discussion

Post by "Don" of January 18, 2021 at 10:29 AM

[Quote from Cassius](#)

"Is the process of going through the details of a hypothetical of sufficient educational value to make the process worthwhile?"

I think it can be worthwhile IF as long as one of the results of the process is allowed to be "There's no way to adequately answer this hypothetical given the possible parameters we can realistically assign to it."
