

Toward A Better Understanding of Epicurean Justice And Injustice (With Examples of "Just" and "Unjust")

Post by "Don" of March 30, 2021 at 7:50 AM

[Quote from Cassius](#)

you're thinking that while we use the word "just" or "justice" to describe some types of dealings between any two people in most any context, Epicurus was limiting it to a more "organized society" context?

I'll have to think about that, but I do think the social component is very important in the philosophy. And where do your two hypothetical people exist? Are they members of a community? What "rules" or "laws" govern their interaction?
