

Research Assistance Question - Cross-platform or Syncing E-Reading

Post by "Don" of May 3, 2021 at 8:47 PM

[Quote from Cassius](#)

Don you are actually or effectively a professional researcher. Do you have experience with Zotero?

Unfortunately, I don't have any personal experience with Zotero, although I've known people that speak highly of it.

I save all my PDFs of articles in Google Drive. That way they're synced across my computer or smart phone. Admittedly, I do most of my reading of Academia articles or other PDFs on my Google Pixel 2.
