### "The Canon of Epicurus In Everyday Life"

The purpose of this proposition is a brief introduction to the Canon of Epicurus that will help us to use it in our everyday life. There are, of course, studies on logical issues, which are very advanced and are based on studies of brain function, mathematical formulas etc. These are extremely important issues, but we, who do not study Logic in universities, should have help in our everyday life on this field.

When we were at school, we used to call as...
