

From The "Golden Mean" to the "Summum Bonum" - Useful or Deceptive Frames of Reference?

Post by "Cassius" of February 17, 2022 at 11:53 AM

I am working to try to catch up on editing this week's podcast and I realize I am doing everyone a disservice by not posting it before we got so far into this conversation. Not that we solved anything in the podcast, but I for one have probably been all over the board between here and in the podcast in trying to focus in on these issues. Will get it up hopefully later today.
