

AFDIA - Chapter Three - Text and Discussion

Post by “Cassius” of February 19, 2022 at 4:41 PM

Let me emphasize an interesting question that Kevin brings out around the halfway mark of the episode.

What do you think was Francis Wrights point in the way she elaborated on Metrodorus' portrait of Leontium?

We discuss a number of possible options, but none strike me as totally satisfactory. If you have a position to suggest or support, please post in this thread.
