

# Epicurean Change

**Post by "Cassius" of April 9, 2022 at 11:39 AM**

Don and I crossposted. I am not familiar with Bloom, but what I am coming to in agreeing with Don's criticism is that the term "meaning" ought to be translated (as many of these commentators are using it) as "those types of pleasure of which I (the commentator) approve!"

The more I hear "meaning" used as a rhetorical weapon against pleasure the more I am driven to that conclusion.
