

The Garden Then -- and the Garden Now

Post by "Cassius" of April 25, 2022 at 10:41 AM

[Quote from Kalosyni](#)

My own possible idea for the future -- perhaps it could be an "Epicurean Bed and Breakfast" where people can come, stay, and study in the library, and enjoy the outdoors (perhaps a rose garden) - advertized on online on airbnb for a good nightly rate -- but it would be free for good friends to come and visit

That is not a bad idea at all!
