

# Food and Medicine in the Time of the Epicureans in Ancient Greece and Rome

Post by “Kalosyni” of June 9, 2022 at 11:06 AM

[beasain](#), I just looked up about propolis, and found [an online article](#) which says that

Greek and Roman physicians used it as mouth disinfectant and as an antiseptic and healing product in wound treatment, prescribed for topical therapy of cutaneous and mucosal wounds.
