

General Comment On "One Size Doesn't Fit All" In Epicurean Art

Post by "Godfrey" of January 12, 2019 at 12:39 AM

I confess that I'm an aficionado of modernism and have avoided Tom Wolfe's book for years 😬 . I'll give it a read though! In the linked article the reviewer mentioned "good modernism and bad modernism". One of the criticisms of modernism is an over-reliance on rationality. To me, the best modern design is actually more "Epicurean" in that it embraces both sensuality and rationality. And pleasure.
