LOL! I didn't even know what "calumny" was!

And lol to that too because the number of people who can adequately define "calumny" probably exceeds those who can understand "ataraxia" by a factor of ten! 😊. Can't play to the lowest common denominator all the time but when to do so is an art it seems.

This latest exchange is why it is so helpful to have people with varying backgrounds - Kalosyni's Buddhism probably causes her to question the amiability of guy wearing a helmet but when we have a good sprinkling of ex-Buddhists with a similar take then that is more persuasive. 😊

We better wait a while before we add in for consideration Epicurus' "enemies of Hellas" remark! 😊

Be sure to note that I have included lots of 😊 in the above !
