hygge according to Google search:

[pasted-from-clipboard.png](#) hyg·ge

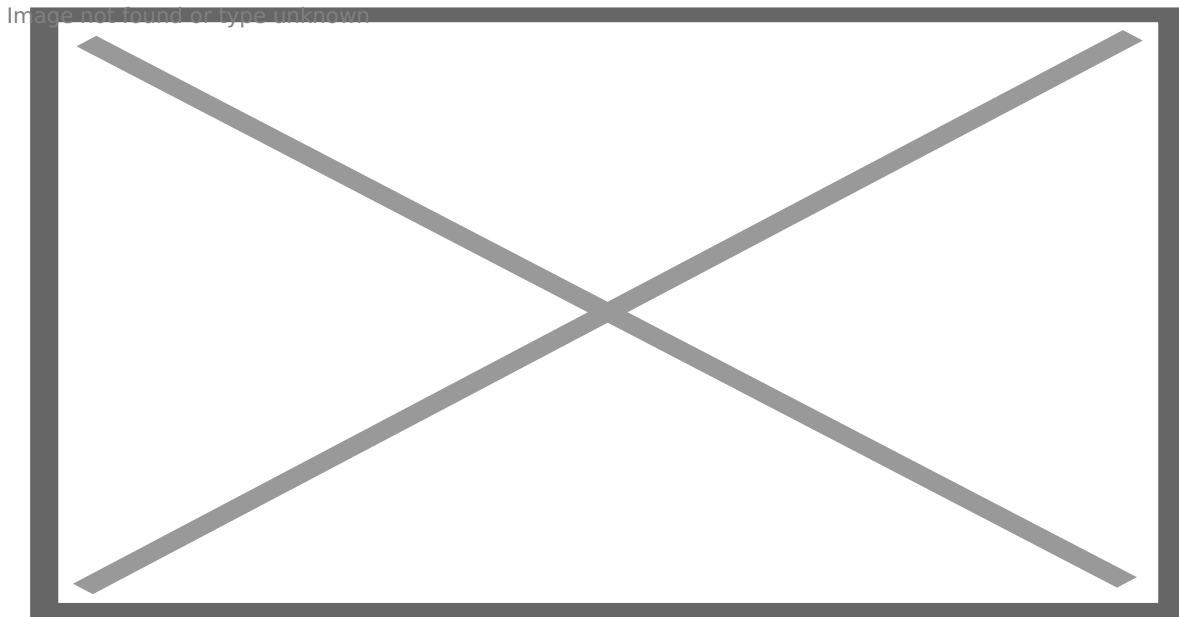

/ˈh(y)oo̯gə,ˈhoo̯gə/

noun

a quality of coziness and comfortable conviviality that engenders a feeling of contentment or well-being (regarded as a defining characteristic of Danish culture).

"why not follow the Danish example and bring more hygge into your daily life?"

Also, this book which I need to see if my library has it:

[The Little Book of Hygge: Danish Secrets to Happy Living \(The Happiness Institute Series\)](#)
