

# Happy Thanksgiving Thread

Post by "Kalosyni" of November 22, 2022 at 9:14 AM

Our terrors and our darkneses of mind must be dispelled, not by the sunshine's rays, not by those shining arrows of the light, but by insight into nature, and a scheme of systematic contemplation. --Lucretius

Fragment 67 – “Gratitude must be vouchsafed to blessed Nature because she has made the essential things easy to procure and those things that are hard to procure non-essentials.”
