

How would Epicurus view "differences from the start of life that are out of our control?"

Post by "ccarruth42" of December 6, 2022 at 9:44 PM

Thanks Cassius. also, i found the Long article here

<http://newepicurean.com/wp-content/uploads/2010/01/Long-ChanceAndNaturalLawInEpicureanism.pdf>

But there is something in the question that is more precisely focused on the social context that can't be explained by genetics (like being born with some physical attribute). Also, maybe this wouldn't have been a question for Epicurus without the social mobility that many people experience today. Maybe the question is more precisely about justice so I'll explore the Forum on that [here](#)
