

Perspectives On "Proving" That Pleasure is "The Good"

Post by "Todd" of December 21, 2022 at 3:20 PM

Wait! Maybe I just don't understand.

Unfortunately, I don't think I'm onboard with that.

There are no "lower case" goods. From what I read, there are "goods" (αγαθός) as a category and there is "the good" (ταγαθον < το "the" + αγαθον "good")

When I say "lower-case goods", I mean "goods" as a category. What distinction are you making there?
