## [Quote from Pacatus](#)

I hasten to say that I have no moral qualms or objections whatsoever. I would suspect that friendship was also part of any such relationships. But I have not been able to find any confirming sources. Has anyone else?

I haven't been able to find any concrete source on this. Though there are some suggestions or allusions that perhaps he had some relation in one way or another with Pythocles, whether that's in bad faith or not is hard to say given the nature of Plutarch.

Although it wouldn't surprise me, I wouldn't make the same claim as Wilson. The best we can say is "maybe he did."
