

To encourage more widespread use of the forum

Before I send another one next week I'll want to think about whether there is any ability to subscribe or unsubscribe to the newsletter email. I don't think the software allows me to do anything less than send to "all users." It's probably a decent bet that anyone who subscribes is willing to receive a weekly newsletter. but I'll look into the ability to maintain a mailing list, or perhaps use something like mailchimp.
