

Cyril Bailey's Latin Text of De Rerum Natura

I've been unpacking my books and sorting them this evening, and I noticed a 1967 reprint of the second edition of Cyril Bailey's Latin text of *On the Nature of Things*, published under the *Oxford Classical Texts* series. I thumbed to the copyright page and discovered that both the first and second (final) editions of this text were published before 1923, and are therefore Public Domain. I will be spending some time in the next few weeks attempting to digitize this volume; hopefully soon we can host the Latin text of Lucretius here on Epicureanfriends.com.
