

New Article on the Inscription (And the "Bitter Gift" Misattribution)

I see that "bitter gift" referred to on this Jehovah's Witness site:

<https://wol.jw.org/en/wol/d/r1/lp-e/1997805>

"Lacking "the joy of Jehovah," Epicurus called life a "bitter gift." (Nehemiah 8:10)"

And then other sites quote the letter to Menoikeus about the pleasures of the profligate. But nowhere does Epicurus call life a *bitter gift*... Nowhere! It's frustrating that it appears so widespread online!!
