Don is correct this will never "wrap up" other than for current purposes.

At present I am thinking that a good page would be a new one every couple of days just to space things out. Talk can and will continue on each one indefinitely, but we need some kind of a pace to get us through the list in a reasonable time frame.

I'll go ahead and set up a thread for [PD02](#) but of course by all means continue on this one.
