

Welcome Peter Konstans!

Post by “Cassius” of September 29, 2023 at 5:00 PM

Welcome! I think you will find our group to be both modest and courteous. I'm not sure those are the generally regarded as the two most distinguishing aspects of Epicurean philosophy, but we'll be very courteous and modest as we talk about the absence of supernatural gods, the end of life at death, the role of pleasure as guide to life rather than virtue or idealism or piety, and the primacy of nature over logical abstractions! 😊
