

# **"A Day In The Garden: Epicurus, Hermarchus, Leonteus, Themista, Hippoclidides, Polystratus, and Alexandria" by Genevra Catalano (2023)**

**Post by "Cassius" of October 30, 2023 at 8:48 AM**

Nate I have noted over the years on Facebook that both you and your wife are very talented and creative. So is this a painting done with brush and paint, or computer graphic designing, or what? I hope you'll be able to encourage her to do more like this. And do I see that she's done more than one work on Epicurus? I tried to follow links on the etsy page but was not sure how to look for the rest of her work.
