Could it be that, early on, Epicurus had not yet settled on the idea of no neutral state? If so, could this give a rough idea of the approximate date the letter? (Just a thought for another thread.)

That's a possibility. If I knew that was there, I had forgotten about it. 😊 I'll have to dig in a little more on that "neutral state" (apatheia, a + patheia = "no feeling") comment... unless someone else can chime in! Please do!
