

General Suggestion Thread for the FAQ

Post by “Cassius” of December 30, 2023 at 2:04 PM

With the upgrade to the website we've had to replace the older FAQ software, and as a result the FAQ needs lots of updating and improvement. The goal is to have a discussion thread for each FAQ item, and those are already linked in just about every FAQ question. Please use **this** thread for general comments, suggestions, and questions about the FAQ, especially as to ways to improve it.
