

My 2024 Resolution: Get A More Accurate Picture of Epicurean Pleasure To The World Rather Than "Tranquility" or "Live Unkown"(Comment on Irish Times Article)

I have edited the title of the thread to make it more clear that "Live Unknown" falls under the same label of "misunderstanding" as does 'tranquility' as being Epicurus' primary focus. Both are tools toward pleasure, not ends in themselves. Possibly over time we'll find news ways to indicate "Caution!" as to outside articles that we discuss.
