

Pros and Cons Of Considering Epicurean Philosophy To Be A "Religion"

Post by "Bryan" of January 31, 2024 at 4:04 PM

We also have Philodemus *On Home Economics* (column 20, Tsouna translation):

"we must refer to the preconception that we possess about 'a good moneymaker,' ask in whom the content of that preconception is substantiated and in what manner that person makes money, and ascribe the predicate 'good moneymaker' [to whoever it may be in whom] those features are attested"
