

Pros and Cons Of Considering Epicurean Philosophy To Be A "Religion"

Post by "Pacatus" of February 3, 2024 at 8:06 PM

A simplistic example of what Wittgenstein meant by confusing the context of different "language games" -

Behind a closed door, I am heard to say: "The goal is to topple the king."

Outside the door, royal guards hear my utterance and rush to warn the king of a pending coup.

But I am really hunched over a chess board, talking about the ultimate goal of chess: checkmate.
