

Discussion on Philodemus Fragments

Thank you [Don](#), and this is especially relevant because we have five more Wednesday nights until we will be finishing up with the Vatican Sayings....and then we will be moving on to study fragments, which I am very much looking forward to because I haven't spent much time on them yet. Cassius is putting together a study list, and it will include various significant fragments from Usener's collection...and it will include some Philodemus fragments.

It appears that we will begin our new Wednesday night study focus on March 27th (if I have calculated correctly). More info will be coming out as that approaches.
