

# Epicurean Philosophical Tenets That We Can Know With Certainty

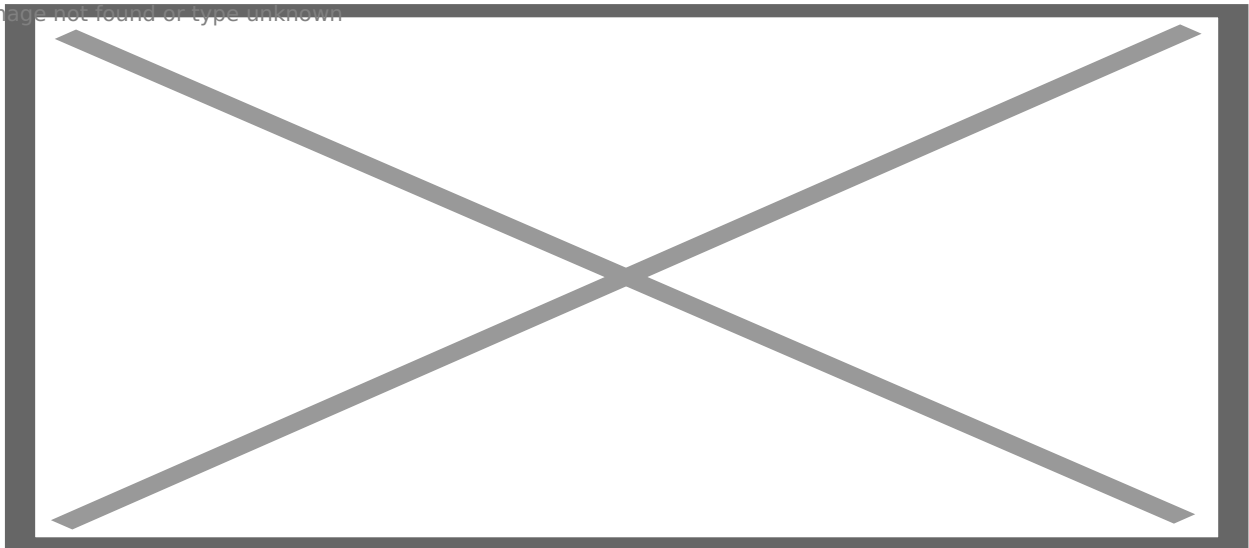

Post by “Kalosyni” of February 22, 2024 at 1:30 PM

There are three ongoing lists created by Cassius. The second one (not Neo-Epicurean but Epicurean) was created as a collaboration between several early members of the forum. And the FAQ page has been developed over time as an outgrowth of the forum. All of this could be used to create an "EpicureanFriends Tenets of Epicurean Philosophy". I am thinking to take this on as project and will post more soon.

Here are the lists that we have right now:
