

The Passing of Prof. Daniel Dennett

Post by “Don” of April 19, 2024 at 8:34 PM

The last few interviews I've seen with him, I thought he was looking rough. That is sad news. I found his ideas thought-provoking and continue to wrestle with his views on free will. I found him compelling, common sensical, approachable, and down to earth. His voice will be missed, but his writings and videos will remain.

Well lived, Dr. Dennett.
