Oh, I didn't mean in any language proficiency way or idiosyncratic way! Sorry if I implied that.

[Don](#) You're such a good guy it never even crossed my mind you could want to say something inconsiderate. Nothing to be sorry about. I was just trying to make a (bad) joke and explain that I'm not a dude who likes conversations like:

Someone: -It's a nice weather.

Definitely not me: -Well, but what do you mean by 'nice' and 'weather' and 'it's'.

And yes, I pretty much meant what you said above. 😊
