[Quote from Cassius](#)

even if the line **didn't** end that way, it **could** have ended that way

And I'm more than fine with that! It's a nice use of classical themes and allusions. Coming up with new metaphors and sayings would be a fine exercise!

I just think it's disingenuous to pass off one's "brilliant emendation" as the actual ancient text.

Usener's "correction" appears to have really stuck in my craw.
