

# Give Us an Example of God!

Post by “Eikadistes” of July 9, 2024 at 8:34 PM

[Quote from Cassius](#)

[Quote from Twentier](#)

How can a blessed quasi-animal always have existed?

I tend to think that their answer there would have been that gods "as a kind" have always existed as a part of natural processes leading to that result, but that gods as individuals have not existed forever

This is a great point! I hadn't considered this.

We need to check the original language.
