One thing to keep in mind, regardless of the English translation, you'll want to look for τύχη (and its variants in the Greek). That gets translated a number of ways, including fate, chance, etc.

τύχη • (túkhē) f (genitive τύχης); first declension

- the act of a god
- the act of a human being
- (regarded as an agent or cause beyond human control)
- fortune, providence, fate
- chance

(regarded as a result)

- good fortune, success
- ill fortune, misfortune

(in a neutral sense, in plural) fortunes

I'll do what I can to ferret out those "hidden" ones.
