

Article: "Extraterrestrial Life May Look Nothing Like Life On Earth..." (and for our purposes, applying the article to "gods")

I wanted to throw in this sweet little bit from Diogenes of Oinoanda, fr. 63, Smith trans.

"I am sending you, in accordance with your request, the arguments concerning an infinite number of worlds. And you have enjoyed good fortune in the matter; for, before your letter arrived, Theodoridas of Lindus, a member of our school not unknown to you, who is still a novice in philosophy, was dealing with the same doctrine. And this doctrine came to be better articulated as a result of being turned over between the two of us face to face; for our agreements and disagreements with one another, and also our questionings, rendered the inquiry into the object of our search more precise."
