

"Metakosmos" in Ancient Texts

Post by "Don" of December 28, 2024 at 7:36 PM

What a great find, [Bryan](#) !

And check out all the usages of that verb:

[Greek](#)

@Eikadistes : I like your characterization of that, too:

[Quote from Eikadistes](#)

This sort of suggests to me that the "space between worlds" would have been perceived as a creative continuum in which re-arrangements of particles occurs.

  all around!!
