

# To Whom Was Epicurus' Last Letter Addressed?

Then again, upon review, Epicurus directly explains that is is writing the letter to [ὄμῖν](#) (plural pronoun in the accusative) meaning "to y'all", so perhaps the letter was to a non-present group (the Garden in Lampsakos vis-a-vis Idomeneus?) It seems unlikely he would have been writing to "y'all" if that group were in his presence, or just sitting in another room, or down the street.
