

Analysing movies through an Epicurean lens

Post by “Kalosyni” of May 13, 2025 at 7:07 PM

[Quote from Kalosyni](#)

to observe their sense of whether or not they are feeling more pleasure than pain. It is a subjective thing for everyone.

Another thought...to ask: Is it making a person happy or helping to create a sense of well-being? Or is it causing sadness, anxiety, or un-easiness?

Everything is subjective, and affects people differently.
