Are collected in this volume (428) of the Loeb collections of Plutarch:

[Plutarch's Moralia in sixteen volumes. Vol.14: 1086C-1147A \[Loeb 428\] : Plutarchus / Plutarch \(46 - ca. 122\) : Free Download, Borrow, and Streaming : Internet Archive archive.org](#)

I've set up a separate folder for each of the three major works in this subforum.
