Statues of Epicurus are known to exist, and at least one statue of Hermarchus as

well.
One of the best sources to start in researching this is [Bernard Frischer's "The Sculpted Word."](#)

There is also an extensive selection of plaster copies of status of Epicurus and Hermarchus in the [Archaeological Museum in Gottingen Germany](#).

Important information about reconstructing the statues to original form is [here](http://www.digitalsculpture.org/epicurus/index02.html): <http://www.digitalsculpture.org/epicurus/index02.html>

A video reconstruction (which does not appear to have the hand outstretched correctly) is [here](#).
