[Cassius](#) I enjoyed the above dialogue between you and Don. This AI tech capability is astounding. What a tool, isn't it? A couple of things came to mind as I read your explanation. I wonder how the article would change if you told the software to re-write the completed essay to a 6th grade reading level. Or how would it work to condense the original article or a summary of it into a series of 900 word pieces? (which I understand is a common length of a reporting article in newspapers and some magazines.

Of course, the timeless suggestion is to write in a style specifically tailored for the target audience you have chosen to address.
