[Cassius](#) [Pacatus](#) I suppose I above posted more for my personal application of Epicurus' doctrines to my everyday life. My life observations myself, and of other people are the source of the questions I raised.

I have no quarrel with the Forum's guidelines as [Cassius](#) formulated them. I believe you both implied, the way we adopt and apply the doctrines for ourselves is always a matter of choice based on our own ability to independently reason out our lifestyle choices.

Respecting the man, and Epicurus' mind, is what the Forum is dedicated to, right? I usually enjoy all the posts, and have no ax to grind, in either direction when it comes to interpreting or commenting on Epicurus. Always the student, me.
