

Video: The Principal Doctrines of Epicurus

Post by "Cassius" of October 12, 2019 at 2:23 PM

Thanks GD. The voice is far from ideal, but I actually like its "neutrality" in many ways, as a means of focusing on the words and not about who the speaker is, or where they or from, or those kinds of issues.

And I also think that hearing it read at least once, even in this way, helps when we get to the point of reading it aloud ourselves.
