

Naming Question

Post by "Cassius" of January 26, 2020 at 4:35 PM

Of course if that was something that concerned him and he asked me to name it something else i would certainly consider it, but he didn't contact me when he renamed his website Epicurustoday even though I have had Epicurustoday.com registered for many years previously, so I would be surprised if he felt this was an issue now.
