

Where Is Epicurus In The "School of Athens"?

Post by "Cassius" of August 6, 2020 at 11:59 AM

OKAY now I understand based on those first two photos 🤔 I presumed you were talking about something from Don's link but I wasn't diligent enough to try to figure it out. Now we have a basis to explore at some future point when we both have more time. I think I am going to move these posts to the thread on the painting where they will be easier to find. Thank you!
