

# **George Santayana's Essay on Lucretius (1910)**

**Post by "Cassius" of August 13, 2020 at 7:29 PM**

Why am I thinking that I remember somewhere that when Jefferson died he was in terrible financial condition, so perhaps his papers were auctioned off pretty early and therefore might also have been published fairly early too..... But I haven't had a chance to look into it yet either. Probably one of these editions has an introduction that explains the history.
