Okay, I posted mine just prior to [Mathitis Kipouros](#) 's second post. Just read that one. I'll admit my reaction to the second post is less negative! 😊

"Luxury is being able to appreciate any food. Comfort is eating the right kind and the right amount of food." I'm not sure I agree with the definition of luxury there, but I think I get the sentiment.

I'll look forward to reading other's reactions.
