

Is [X] a waste of time?

Post by "Cassius" of September 30, 2020 at 8:31 PM

I have rarely played video games in last last couple of decades but I was a fan in my early years of computing.

Isn't there a huge variety in types of games? Won't it matter a great deal what type of game we are talking about?

Do we need to know "What type?" in order to discuss the question?
